# Section 3: Support and Challenges

### How Can NA or EGF Help Improve Local Activity:

- . If our students can receive a certificate from the European Go Federation or an institution of Far Eastern origin, it could be a motivational factor for the continuity of our students.
- . It would be great for our students to meet strong European and Far Eastern players either online or in person. Although our budget is limited in this regard, we would like to do our best.
- . Simple questions aimed at beginners would be useful as a resource with a nice interface.
- . And if there is support beyond sending an invitation letter regarding visas, we could participate in events in Europe with a large team once or at least twice a year.
- Share your ideas on how the National Association or European Go Federation can support and enhance local Go activities.

### **Challenges Encountered:**

- Due to the difficulties in obtaining a visa, we are unable to attend many events in Europe.
  - Detail any challenges you have faced in your role as a Go instructor, such as lack of location, playing materials, human resources, or financial resources.
