

Name: Miya Barcus
Goe Strength: 5kyu

My name is Miya, and I am eleven years old. I started playing Go three years ago. My dad introduced me to the game after watching a manga called "Hikaru no Go." Inspired by the story, he encouraged me to start playing Go.

I find Go to be very fun and enjoy playing against people from all different backgrounds. I also participated in local and state tournaments. Being able to join this competition is a great honor for me and I'm really looking forward to it!
